IMPORTANT INFORMATION

Accommodation

Dragoman's overland trips are designed for shared accommodation, whether camping or staying in hotels or hostels, and therefore do not involve a single supplement. Whilst our crew will do their best to accommodate couples travelling together in twin rooms, all our travellers should expect to stay in multi-share accommodation when staying in hostels, gers or yurts. The type, variety and standard of accommodation will vary greatly depending on what options are available at the time; hotels can vary from very basic rooms without electricity or running water to high standard hotels with good facilities! Generally in hotels most rooms will be single sex, twin-share, but in South America many rooms are triple/quad-share. Hostels, gers and yurts are nearly always multi-share and may be mixed sex.

The campsites will range from rather basic to those with excellent facilities, including swimming pools, restaurants and bars. In some cases it may also be possible to upgrade locally to bungalows, lodges or even tree-houses. One of the highlights of overlanding is that in more remote areas we will camp away from the tourist crowds. Occasionally on some of our trips we are able to stay in villages or local homestays allowing us to get close to the indigenous population and ensuring that our money stays within the local community.

Single Supplement

We do not offer a single supplement during the booking stage, as this will be unavailable for camping with a full truck, and difficult to confirm in many hotels. However, if you would like to 'upgrade' to having your own room whilst on the road then this is possible if you pay the difference yourself, subject to availability. Your tour leader will assist with this as they make ongoing bookings on the road.

The information provided in this document is subject to change and may be affected by unforeseen events outside the control of Inspiring Vacations. Where changes to your itinerary or bookings occur, appropriate advice or instructions will be sent to your email address.

TOUR ITINERARY

Group Size

The maximum group size we take on our overland journeys ranges from 19 to 22 depending on the geographical location; however the average number of passengers is more likely to be around 16. On some departures there may be more than one truck doing the same route. This means that you will be in the same hotel or campsite as another Dragoman group on some days. To ensure that you are not always at the same place at the same time as another group, your itinerary will most likely be slightly altered from the itinerary advertised on the website and in the Trip Itinerary. Even on the majority of our trips where there is only the one truck, you may from time to time meet up with other groups at points on the road, and may partake in activities jointly with other groups on these occasions.

Meals and Group Participation

On an overland journey you are more than just an individual passenger - you're part of the team. You are expected to pitch in to set up camp, shop for food, cook and generally help out. As part of your trip you will be assigned a truck job which could be collecting water and firewood, sweeping out the truck, loading the back locker, etc. While camping on overland journeys, the meals are included in the kitty. This means that you will have to work together to cook for everyone in your group. You will be divided into smaller units of 3-4 people and take it in turns to cook for the whole group according to a rota system. When it is your group's turn to cook you will have to plan the meal, shop for the ingredients in local markets or supermarkets and then prepare the meal for the whole group. The secret to cooking for 20+ people using a basic camping kitchen is to keep it simple! (On trips south of Nairobi we have a cook on board the truck; however you will still be required to help them to prepare meals). An example of a typical camp breakfast might be toast with spreads, fruit and cereal as well as tea and coffee. When time allows it will also be possible to serve something hot such as eggs or pancakes. Lunch is almost always a sandwich heaped high with healthy salad and assorted fillings, with fruit to follow. Dinner might be a BBQ, risotto or pasta dish and there is always the chance to try some local cooking. Generally our passengers find the more they put into a trip, the more they benefit from it.

Our Overland Trucks

Dragoman's fleet is truly unique. We use rugged and sturdy Mercedes-Benz trucks (known for their durability) that will take you off road and off the beaten track. They are specially modified at our workshop in Suffolk, UK, into our custom designed overland vehicles. Features such as our integrated cabs are unique to Dragoman trucks, and our customers regularly say that they make our trucks the best on the road. With their distinctive orange and white livery and their personalised names, our trucks have become iconic. All of our trucks are affectionately named and have their own individual personality. Many of our passengers remember the name of their truck many years after their trip!

Our trucks are fully equipped for self-sufficient wild camping, and have comfortable coach-style seating. All Dragoman trucks are owned and maintained by us, and our crew follow a strict maintenance schedule - this means we can manage the quality and safety of our fleet.

The information provided in this document is subject to change and may be affected by unforeseen events outside the control of Inspiring Vacations. Where changes to your itinerary or bookings occur, appropriate advice or instructions will be sent to your email address.

TOUR ITINERARY

We currently have 26 overland trucks (and 1 overland bus) on the road worldwide, and the fleet is growing all the time! For more information on our trucks, please visit: <https://dragoman.com/overlanding/our-trucks/meet-the-fleet>

The Kitty

In addition to the trip price on our overlanding trips, you will also be required to pay a kitty specified for your trip. The kitty is payable in instalments at the start of each section of the trip for combination trips, and in full at the start of the trip for individual trips. Each customer joining a trip pays their kitty into a central fund. The fund is managed by the Dragoman crew and the kitty accounts can be viewed by all throughout the trip. The kitty covers all things that the whole group does, such as:

- Hotel accommodation and campsite fees
- Meals whilst camping (not whilst staying in hotels)
- Activities listed as included (e.g. National Park or historical site entrances, excursions, etc.)

The kitty system is unique to overlanding and allows us to have flexibility and transparency on our trips. You can see exactly how your money is being spent and ensure that you are getting the best value by buying locally. It also helps to keep the costs competitive and save on administration costs so that we can pass the saving on to you. Dragoman makes NO PROFIT on kitties, as they are the group's fund. We constantly update the kitty prices on our website and the kitty advertised in the brochure is an estimate at the time of printing. Prices can go up or down with no notice, and exchange rate fluctuations will affect costs. If there is money left in the kitty at the end of your trip, then this is divided between the group and you receive a refund. Once you book your trip it is very important that you check our website on a regular basis and just before departure for any changes to the kitty amount. Some hotels and hostels increase their rates substantially over Christmas and New Year. Please therefore be aware that the kitty for trips in this period may be substantially higher than for the rest of the year and an additional amount may be required from you.

Paying your kitty

Remember to arrange to bring sufficient cash USD to pay your kitty at the start of the trip, or to arrange for prepayment (if available for your trip). If you choose to prepay your kitty then this must be done via bank transfer 3-4 weeks before the start of your trip. Please note that prepayment is not available for our trips to West Africa, Iran, Tajikistan, and any trip in Africa north of Nairobi. For more details on how to prepay your kitty, please refer to your Kitty Payments sheet which will be sent to you via email or visit this link:

https://www.dragoman.com/files/Dragoman_Kitty_Document.pdf

If you are bringing the kitty out in cash, please ensure your USD notes are clean and undamaged and no more than 8 years old. If needed, your tour leader will be able to accept some of the kitty in local currency, and they will let you know the exchange rate locally. In most destinations you can withdraw local currencies from ATM machines, using either a cash passport or a credit/debit card. However, please bear in mind that most cards have a maximum withdrawal amount per day, local ATMs may run out of cash, and your bank could

block the card despite you warning them of your travel plans, so it could be impractical to try to get the entire kitty out from an ATM. Please note that we cannot accept traveller's cheques on our trips.

Travel Insurance

Travel insurance is required to protect yourself against the unexpected. We have partnered with nib to offer our customers competitive rates for their travel insurance. You can book comprehensive or budget cover simply by clicking [HERE](#) to arrange your policy.

Visa & Passport information

It is the traveller's responsibility to ensure they have a valid passport. The passport must be valid for a minimum of six months from the intended date of your return.

Visa Information

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries will need a visa to enter Ethiopia as a tourist for up to 90 days. If arriving into Ethiopia at Addis Ababa Bole International Airport, most nationalities can obtain a visa on arrival at the airport. If you are starting your trip in Gondar, you will be able to obtain your visa in Addis Ababa airport and stamp into Ethiopia before changing planes to fly to Gondar. At the time of writing (2015), the cost of a 30-day visa is USD50, and a 90-day visa is USD75. You will need two passport photos for the application. Please note that citizens of many Eastern European countries cannot obtain the visa on arrival, and will need to get it in advance as detailed below.

There is also an option to obtain an e-visa. This visa is valid for 30 days from the date you enter the country. It can only be used to enter at Addis Ababa and is single entry. This option currently costs 52USD (2018). Be warned that there are currently some fake e-visa websites online that will try to charge an inflated price, the correct one to use is www.evisa.gov.et.

Please note that visas are not available on arrival at any land borders - if arriving at a land border (e.g. from Sudan or Kenya), then you must obtain your visa in advance. This must generally be done at the Ethiopian Embassy in your country of residence only (or the closest place which has an embassy). The Ethiopian Embassies in Cairo and Nairobi no longer issue visas to non-Egyptian or non-Kenyan residents respectively, so you will not be able to obtain one in either of these places. Please see this website to find your closest embassy or consulate - <http://embassy.goabroad.com/embassies-of/ethiopia>. Please also be aware that the visa is valid from the date of issue and not the date of entry into Ethiopia, and it is no longer possible to post-date the

visas, so please give careful consideration to the timing of your application and to which length of visa will be suitable for your stay.
If you are asked to provide an address in Ethiopia on your visa form, please use the address below:

Sarem International Hotel
Belay Zeleke Street
Addis Ababa
Tel: +251 11 126 2088

Important note: Those on longer Northbound combinations from Cape Town or Victoria Falls (specifically trip codes AGV, EEV, AAO, AGO, and EEW) will be unable to apply for an Ethiopia visa before travel, as it will expire before you are able to use it. We have previously advised people to apply for the visa before travelling and ask them to post-date the visa so that it becomes valid when you are due to arrive in Ethiopia. Unfortunately Ethiopian Immigration Officers have now stopped doing this and are making their visas valid as soon as they are issued; they remain valid up to a maximum of 90 days during which time you will have had to have entered and exited Ethiopia.

As such, there are now only 2 options for getting this visa successfully in order to continue the combination trip. Both options have been successfully used in the past by those unable to get their visa post-dated.

Option 1 - obtain a 2nd concurrent passport before travel, send your visa application using this new passport to a specialist visa agency who can keep hold of it and apply for the visa on your behalf later on while you are already in Southern Africa (travelling using your 1st passport). Then they will be able to arrange to have it sent out to you in Nairobi (via DHL, FedEx, etc.) for you to pick up. You will likely need a letter from your employer and from Dragoman to apply for a 2nd passport, but please contact Dragoman for further advice on this if you prefer this option.

Option 2 - continue on the trip as far as Samburu National Park, then temporarily leave the trip - as the truck heads North to Marsabit, you can travel South back to Nairobi on local transport (which our local Samburu guides can help arrange). From Nairobi you can take a flight to Addis Ababa (where you can obtain your Ethiopia visa on arrival) and then on to Arba Minch (airport code AMH). From here you can take a short drive in a local taxi or bus to the town of Konso (this transport can be very easily arranged on arrival) - here you will meet the truck again and re-join the trip. The only section you will miss by taking this option is the drive from Archer's Post - Marsabit - Moyale - Konso, a section without any real 'highlights'. Please contact Dragoman if

TOUR ITINERARY

you would like to take this option and would like assistance booking the flights, or if you would like to discuss these options in more depth.

Please note that you cannot obtain your visa here while waiting for a connecting flight, and then later try to use this visa to enter at a land border (for example - obtain the visa at Addis Ababa airport while waiting for a connecting flight to Nairobi, then later try to cross overland from Kenya to Ethiopia).

This is not accepted - they will check the Place of Issue of the visa and refuse you entry into Ethiopia if you have obtained your visa this way.

A valid yellow fever vaccination certificate is required from travellers coming from areas with risk of yellow fever transmission (including transiting through an airport in an area of risk).

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home. It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Malaria & Other other Mosquito-Borne Diseases

There is a risk of contracting malaria in some areas which we travel through. If your trip goes to a areas with malaria it is always best to get expert advice before travelling about the types of malaria pills available, whether they are recommended, and take any that are prescribed as instructed. Consult your GP or travel clinic for the most up-to-date requirements. Other mosquito-borne diseases such as yellow fever, dengue fever, chikungunya and Zika are continuing to spread and are becoming a bigger problem around the world. Mosquito bite prevention is vital to avoid contracting any of these diseases, as there are no vaccines or specific treatments available. Health professionals have issued warnings for pregnant women travelling to areas affected by the Zika virus. For more information about Zika please visit:

· WHO: www.who.int/en/news-room/fact-sheets/detail/zika-virus

· Center for Disease Control and Prevention: www.cdc.gov/zika

The Anopheles mosquitoes that transmit malaria usually bite between the hours of dusk and dawn, whereas the Aedes mosquitoes that transmit yellow fever, dengue fever, chikungunya and Zika bite both during the day and the night. To prevent being bitten, it is recommended to cover up by wearing long-legged and long-sleeved clothing, preferably light-coloured and buttoned at the wrists. Do not sleep without closing your windows, tent door, etc. and use a mosquito net in hotels or if sleeping outside where there are mosquitoes present. Use mosquito repellent applied directly to your skin or soaked into your clothing. Treating clothes and mosquito nets with a Permethrin solution also provides significant protection. It should be available at most travel stores. Mosquito coils are useful on still nights and in hotel rooms, but cannot be used inside the tents. For more advice on how to avoid bites please see:

TOUR ITINERARY

Vaccinations

Recommended vaccinations and other health protections vary according to different regions and recent bulletins issued by health authorities. It is essential to get the latest specific health advice on the regions and countries you are planning to travel in, so please check with either your doctor or travel clinic in good time before you travel. The following websites are also a helpful resource: www.nathnac.net and www.fitfortravel.nhs.uk

Contingency Emergency Fund

Sometimes, civil or political unrest, or reasons beyond Dragoman's control (e.g. a natural disaster), can mean that an itinerary is disrupted and we have to make a contingency plan. This may involve hiring alternate transport or even the whole group flying over an area. Although Dragoman will help organise travel arrangements, in circumstances outside Dragoman's control you will be required to contribute the additional costs involved and therefore we ask you to bring the equivalent of USD400 as a contingency fund. In almost all cases trips run smoothly and this fund is therefore never used. We also recommend that you bring an internationally recognised credit or charge card with a decent limit in case of emergencies, such as medical treatment en route, or even the need to be repatriated; though these occurrences are rare. Remember that travel insurance policies in some instances only refund you for expenses after you have already paid out.

A Few Rules

We expect all group members to act respectfully towards our staff and other group members. Bullying will not be tolerated. Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price. You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price. Although we are aware that in some parts of the world taking, carrying or selling drugs, or carrying weapons may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

Issues on the trip

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip. We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the
